We offer **12 circuits over 7 and a half acres of forest**, with an impregnable view over the most beautiful summits in the Pyrenees.

On arrival you will be given all the equipment required, climbing harness, helmet, safety ropes, pulley block, and carabiners conforming to current safety regulations XPS. All the equipment is controlled on a daily basis and is at your disposal for a period of 4 hours.

Gloves can be bought for 1 €.

We strongly advise you to wear suitable casual clothing and trainers.

All our personnel have been professionally trained and are in possession of the **CQP PAH certifiacte (Professional Qualification in Aerial Acrobatc Circuits)**.

They will greet you and explain on a ground-level training circuit the safety regulations and how to use the equipment . We are permanently on hand on the ground, to help, advise, and ensure your security and will also come to your aide up in the trees should it be necessary...

Our circuits are graded by height and level of difficulty and are accessible to all.

are reserved for children under 1,40 m. in height, from the age of 4 years upwards ...

An introduction is given on ground level, by a qualified instructor, with an explanation of how to use the material and demonstration of the safety regulations.

- **The Marmotte circuit** : simple, where instruction is put into practise
- **The Isard circuit** : intermediate level, with discovery of the Tyrolien zip lines
- **The Ecureuil circuit** : fairly high off the ground, but with no particular technical difficulty
- **The mini-black route for children** : even higher and more difficult. Only one child in ten will manage to finish it !

At the same time you can find out about the animals and flowers of the region, species native to the Pyrenean mountains and valleys, thanks to information panels on the ground. By means of audio interactive panels, placed on the ground and in the trees, you can also discover a host of interesting local legends.

for adults and children of a height 1,40 m. and over...

An introduction is given on ground level, by a qualified instructor, with an explanation of how to use the material and demonstration of the safety regulations.

- **Hautacam - the green circuit, is easy : a training ground, where all the instruction on how to use the equipment in complete security, is put into practise ...**
- **Calabiros & Viscos are level blue : 2 circuits that are fairly easy**
- **Adrénaline & Voltige are level violet : 2 circuits of an intermediate level, placed high off the ground**
- **Balaitous & Vigemarle are level red : difficult !**
- **Aneto, the black run of the circuits : very difficult, requiring a high level of skill and technique.**

At the same time you can find out about the animals and flowers of the region, species native to the Pyrenean mountains and valleys, thanks to information panels on the ground. By means of audio interactive panels, placed on the ground and in the trees, you can also discover a host of interesting local legends.

Our acrobatic park fully conforms to European safety standards, with the 2 certificates for construction and use: NF EN 15567 -1 and NF EN 15567 -2 granted in March 2008. Every tree is also controlled on an annual basis by a qualified specialist company, (PRISME).

In addition, we offer :

- Free car parking
- A picnic area
- Sale of drinks, icecreams ...
- Barbecue at your disposal (on demand)
- Botanical park
- A professional photographer available in the summer, to immortalise your day ...

You can also use our facilities for celebrations of all sorts, birthdays, anniversaries, parties, week-ends... Please ask us for details.
